Job Title:

Regional Command Behavioral Science Psychologist Liaison: CLINICAL OPERATIONS SECTION, Northern Regional Medical Command (05 to 06 Billet)

Job Description:

The selected candidate will act as Command Advisor for Behavioral Health issues, serving as the liaison to behavioral health activities at all Northern Regional Medical Command MTFs and Warrior Transition Units; candidate is responsible for review and analysis of MEDCOM BH policies and to provide assistance to MTF's in interpretation, application and execution of new policies and procedures. Candidate assists Assistant Chief of Staff for Clinical Operations with assessment of regional behavioral health access for beneficiaries.

Duties include providing advice and oversight as required to Medical Evaluation Boards, Sanity Boards, Psychotherapy, Psychological Testing, Hospital Discharge Evaluations, Chapter Separations, and Group Counseling.

USPHS officers assigned to Northern Regional Medical Command would be expected to be privileged at an appropriate Army MTF. USPHS are not precluded from filling leadership roles.

Requirements:

License: A current, unrestricted and valid license as a clinical psychologist from a U.S. State, District of Columbia, Commonwealth, Territory, or other jurisdiction is required.

Training: The Candidate must possess a qualifying doctoral degree in clinical psychology from an American Psychological Association accredited university or professional psychology program. An APA accredited internship is also required.

This position is for a minimum 3 year commitment.

Location of Position:

Northern Regional Medical Command; currently located at Walter Reed Army Medical Center, Washington, DC, moving to Ft Belvoir, VA in October 2011.
